公司优势

Product advantages of Zhangjiagang cedar Seiko technology Co., Ltd

张家港雪松精工科技

Zhangjiagang Cedar Precision Technology Co., Ltd. is located in Zhangjiagang, a rising port industrial city at the intersection of the coastal and Yangtze River economic development belts, and close to Shanghai. It is a new-type enterprise integrating the development and production of industrial automation systems, R&D of non-standard automation products, as well as production, sales and service.

地理优势

公司位于江苏省张家港市南丰镇，是一个精密机械、机电制造等重工业集群带，交通便利，产品出口海内外。

源头工厂

公司产品自产自销，可在源头上控制产品质量；在同品质下价格更低；售后更有保障。

可定制

公司除有常规现货机械以外，还可根据客户的加工要求和工件图纸，对常规机器进行改造，以满足客户的个性化需求。

公司优势

Product advantages of Zhangjiagang cedar Seiko technology Co., Ltd

The company's main products include pipe cutting machines, chamfering machines, pipe bending machines, pipe rolling machines and pipe end forming machines. Its products are applied to the processing of metal pipe products in such industries as automotive, air conditioning, motorcycle, electric vehicle, bicycle, sports and fitness equipment, steel pipe furniture, tourism and leisure products, water heating and bathroom, providing efficient mechanical equipment.

Geographical Advantages

The company is located in Nanfeng Town, Zhangjiagang City, Jiangsu Province, which is a heavy industry cluster zone specializing in precision machinery, electromechanical manufacturing, etc. With convenient transportation, the company's products are exported to domestic and international markets.

Professional After-Sales Team
The company has a professional after-sales team that provides telephone training and guidance, as well as on-site maintenance to resolve machine malfunctions.

Source Factory

The company manufactures and sells its own products, enabling strict quality control at the source. This ensures lower prices under the same quality standards and more reliable after-sales support.

Customization Available

In addition to regular in-stock machinery, the company can modify standard machines according to clients' processing requirements and workpiece drawings to meet their personalized needs.

售后服务

After sales service of Zhangjiagang cedar Seiko technology Co., Ltd

1-year warranty

All equipment will be delivered after passing acceptance inspection and comes with a 12-month warranty.

During the warranty period, the supplier will provide free repair services for any quality issues caused by manufacturing defects. For malfunctions due to other reasons, the user shall bear reasonable repair costs.

After the warranty period expires, the supplier will continue to provide spare parts and excellent after-sales services at reasonable charges.

Rapid Response and Timely Handling

After-Sales Service Commitment for Equipment Malfunctions

In the event of equipment failure during use, the supplier will respond within 2 hours after receiving notification from the buyer. For issues that cannot be resolved directly over the phone, the supplier will dispatch personnel to the site within 24 hours.

General faults: Resolved within 48 hours.

Major faults: Resolved at the fastest possible speed, with a commitment to no longer than 72 hours in principle (excluding holidays).
