50AC single-head chamfering machine

The machine features:

1.Manual feed, automatic clamping, automatic feed, return knife, fast.

2.Die with the knife dish after a sophisticated design, to ensure accurate processing object and the cutter center line remains unchanged, can the completion of a uniform pipe outside, inside and face processing.

3.For different sizes of workpieces, simply make a simple knife plate and a clamping change.

4.The change of the belt wheel can be used to convert various kinds of rotating speed to meet the metal materials of various materials, and obtain the longest tool life.

5.The speed of two cutting speed saves the working hours, the slow speed is easy to adjust, the processing is perfect.

project	50AC
Suitable for pipe diameter	φ5-50mm
Suitable for round bar	φ3-15mm
The workpiece length	≥30mm
The motor power	1.5KW
Barometric pressure	6-8KG/CM^2
The machining accuracy	±0.1mm
Processing speed	3-5 sec/piece
Machine size	700*650*900
Machine weight	300KG

Listing：

Serial number	Name	Specifications	Quantity	Remarks
1	mainframe		1/Set	
2	Allen Key Set	3-14	1/Set	
3	Operating instruction		1/Copy	Random file
4	Certificate of approval		1/Piece	Random file

fter-sales service:

1.Warranty period: We guarantee machine quality for one year, during this year, if spare parts of the machine were damaged, we can send the component to the customer by DHL, TNT freely.

2.Our factory can send our engineer to the customer's factory install, commission and training freely. The customer provide the double trip tickets, food and accommodation for our engineer. The customer also can send the engineer to our factory to learn the operation and maintains freely.

3.Our factory provide the service for the customer forever, if the customer need operation help, can contact us by

Skype, Email and Telephone at any time, we provide 24 hours on-line service
