XS-850AL Hydraulic crosscutting machine

Equipment features：

Suitable for sawing aluminum extrusion, aluminum doors and windows, heat sink, wood, water pipe, audio panel.

1. Automatic pressing saves time and labor.
2. Automatic sawing is safe and easy.
3. Internal sawing can reduce noise.
4. At the same time, the saw material is automatically sprayed with cooling system, the saw blade does not. accumulate chips, and the saw blade is more durable.
5. Fixed saw blade angle to improve sawing precision.
6. The material rack has a positioning baffle which is more convenient for sizing and cutting.
7. Optional, cut 45 ° angle through angle positioning block.

Equipment parameters：

project	Unit	XS-850AL
Saw blade Angle	°	90/45(When cutting angle, the section size becomes smaller)
Maximum sawing width	mm	580
Maximum sawing height	mm	320
Sawing capacity round bar	mm	150
Sawing capacity square tube	mm	280*280
Main motor power	KW	7.5
Blade size	mm	Φ455-850
Spindle speed	rpm	1950
Pneumatic working pressure	Kg/cm²	5-8
Feed speed		Stepless speed regulation
Cooling mode		Coolant
Table Height	mm	1100
Machine size	mm	2200*1200*1600
Machine weight	Kg	900

Accessories brand：

Platen	Precision casting
baffle	Precision casting
electric machinery	Jiangsu Guanshun
Pneumatic components	Joint venture Chint
Bearing	Japan NSK
Cylinder	AirTAC

After-sales service:

1.Warranty period: We guarantee machine quality for one year, during this year, if spare parts of the machine were damaged, we can send the component to the customer by DHL, TNT freely.

2.Our factory can send our engineer to the customer's factory install, commission and training freely. The customer provide the double trip tickets, food and accommodation for our engineer. The customer also can send the engineer to our factory to learn the operation and maintains freely.

3.Our factory provide the service for the customer forever, if the customer need operation help, can contact us by Skype,Whatsapp,WeChat, Email and Telephone at any time, we provide 24 hours on-line service.
