XS-50Y-II-3000 Pneumatic double head chamfering machine

Native electric and pneumatic control, professional of pipe end face, outside and inside an automatic chamfering shaving work, quickly and accurately, both ends at the same time, a processing, particularly suitable for mass production. It can also be used for bar reprocessing.

Features of the device:

1.Automatic feed, quick and accurate, save manpower.

2.The special designed feed mechanism is accurate and reliable, and the intermediate transport station can choose the type of the necessary type according to the outer diameter of the pipe.

3.Strong head design, power head and motor drive, head fixed. Growth knife life.

4.Use self-centering fixture to ensure the processing concentricity.

5.With the speed of double speed of the shock absorber, it saves working hours, and is easy and easy to adjust and perfect.

6.Whole process electrical, pneumatic automatic control, pneumatic clamping, pneumatic feed, easy operation.

7.The system is manual, automatic and easy to debug and use.

8..End special cutter design, using normalized blade, adjust the knife is simple and convenient, the tube Angle, corner, surface finish in one time, an average of 3 to 10 seconds a (according to the size of the pipe diameter and thickness), fast efficiency.

9.Adapting materials: steel, iron, aluminum, copper, stainless steel, etc.

10.Customized extension rails can be customized to 1000/15000/2000mm.

Device parameters:

type	XS-50Y-II-3000
work stress	10KG
Apply to outer diameter	Round steel Φ3-30mm Circular tubeΦ8-Φ50mm
Processing length	standard70-3100mm
working accuracy	±0.1mm
Suitable material	Steel pipe, iron pipe, stainless steel tube, aluminum pipe,Copper pipe, plastic pipe, nylon
boundary dimension	4700*1100*1200mm
Weighs about	1200KG
project	parameter
oil pump motor	2.2 kw
Spindle speed	1600 r/min
Chamfering machine	1.5 kw
Within the clamping cylinder	55 mm
In the feed cylinder diameter	35 mm
oil pump	19 L
Standard accessories	1, a set of standard knives (2); 2, the round clamp module

Equipment supply list:

Serial number	name	specification	quantity	Remarks
1	Host		1/set	
2	Allen wrench	3-14	1/set	
3	user's Guide		1/this	random document
4	Certificate		1/piece	random document

After-sales service:

1.Warranty period: We guarantee machine quality for one year, during this year, if spare parts of the machine were damaged, we can send the component to the customer by DHL, TNT freely.

2.Our factory can send our engineer to the customer's factory install, commission and training freely. The customer provide the double trip tickets, food and accommodation for our engineer. The customer also can send the engineer to our factory to learn the operation and maintains freely.

3.Our factory provide the service for the customer forever, if the customer need operation help, can contact us by Skype, Whatsapp Email and Telephone at any time, we provide 24 hours on-line service
