SB-100NC tube bending machine

Product features:

NC pipe bender is controlled by microcomputer

It has manual control, semi-circular control and full automatic control

Overload automatic protection

Automatic detection of machine failures and operational failures

5, mobile foot switch has urgent stop function

The screen shows the touch button

Automatic memory function

Power failure automatic protection function

SB-100NC parameter:

project	Unit	SB-100NC
Max. bending capability	MM	100*2.5
Max bending radius	MM	500
Min.bending radius	MM	150
Max bending angel	°	185°
Max Bending speed	r/min	0-2.0
Maximum core length	MM	2800
hydraulic pressure	MPa	20
Each pipe can set the number of elbows	one	16
Motor Power	kw	11

Pump displacement	L	33
Machine weight	kg	4200
Machine size (L × W × H)	MM	5300*1400*1450

After-sales service:

1.Warranty period: We guarantee machine quality for one year, during this year, if spare parts of the machine were damaged, we can send the component to the customer by DHL, TNT freely.

2.Our factory can send our engineer to the customer's factory install, commission and training freely. The customer provide the double trip tickets, food and accommodation for our engineer. The customer also can send the engineer to our factory to learn the operation and maintains freely.

3.Our factory provide the service for the customer forever, if the customer need operation help, can contact us by Skype,Whatsapp,WeChat, Email and Telephone at any time, we provide 24 hours on-line service.
