MC-315 pneumatic automatic pipe cutting machine

一． machine introduction:

Automatic feed pipe cutter, it is the company on the basis of absorbing foreign advanced technology, the product developed by itself, using single-chip microcomputer control, pneumatic drive, man-machine dialogue type operation, set the input is simple, manually and automatically select and automatic conversion. Mobile foot switch has the function of starting and stopping. High security, count function. The machine is stable, the cutting efficiency is high, it is the ideal equipment in the industry of pipe processing.

二、 The machine features:

1.Automatic clamp automatic feed, clamp and machine head feed all adopt gas/oil pressure automatic.

2.Bidirectional clamps to keep the work stable and smooth without burrs, low noise and low pollution.

3.The cutting precision is high, the speed is fast, and the cutting surface is not hot.

4.The cutting accuracy is high and the incision is perfect.

5.Cyclic cooling system, which effectively increases the efficiency of saw blade.

三、**Parameter：**

Technical	**Unit**	**Parameters**
Host motor	KW	3/2.4（380V）
Saw blade diameter	mm	250/350
Saw blade inner hole	mm	32
Maximum cut round	mm	φ100
Maximum cut square	mm	70*70
Cooling water pump	W	90
Single maximum feed	mm	700
Air pressure	Mpa	0.6-0.8
The total width	mm	900
Total height	mm	1200
The total length	mm	1650
Machine weight	kg	950

四、Machine configuration：

project	Brand
Linear guide	TaiwanABBA
Solenoid valve	TaiwanYUKEN
Electrical appliances	Taiwan taian
Oil cylinder	Shanghai baoshan
oil tube	Taiwan poon fai
The oil pump	Taiwan spirit
The oil pump motor	Jiangsu quanxing motor
Head motor	Jiangsu quanxing motor

After-sales service:

1.Warranty period: We guarantee machine quality for one year, during this year, if spare parts of the machine were damaged, we can send the component to the customer by DHL, TNT freely.

2.Our factory can send our engineer to the customer’s factory install, commission and training freely. The customer provide the double trip tickets, food and accommodation for our engineer. The customer also can send the engineer to our factory to learn the operation and maintains freely.

3.Our factory provide the service for the customer forever, if the customer need operation help, can contact us by Skype,Whatsapp,WeChat, Email and Telephone at any time, we provide 24 hours on-line service.
